

PRICE LIST 2026

Effective January 1, 2026

Order by Code

Each item in this catalog has a two or three-digit code in addition to the four or five-digit number. No other ordering information is needed since each individual size, capacity, etc. has its own code. **Example:** 5000 \$10/30 top \$14/35 bottom would be ordered as 5000-05.

The majority of items listed in this catalog are normally available from stock at our plant in Vineland, NJ.

In the event your entire order cannot be filled immediately, a partial shipment will be sent, with the back-ordered items following shortly. If you should desire the entire order to be sent in one shipment, please specify on your purchase order.

Unless otherwise specified on the order, we will ship material by what we consider the "best way."

Ways to Order

Ace Glass products are also available from our many lab distribution partners, particularly VWR International and Sigma Aldrich.
